

ABOUT LACDMH

The Los Angeles County Department of Mental Health (LACDMH) is the largest county mental health department in the country. LACDMH directly operates 75 program sites and more than 100 co-located sites.

LACDMH contracts with approximately 1,000 providers, including non-governmental agencies and individual practitioners who provide a spectrum of mental health services to people of all ages to support hope, wellness and recovery.

MENTAL HEALTH SERVICES ACT

Mental health services provided include screenings and assessments, case management, crisis intervention, medication support, peer support and other recovery services.

Services are provided in multiple settings, including residential facilities, clinics, schools, hospitals, county jails, juvenile halls and camps, and field visits.

Special emphasis is placed on addressing co-occurring mental health disorders and other health problems such as addiction. The department also provides counseling to victims of natural or manmade disasters, their families and emergency first responders, and is responsible for protecting patients' rights in all public and private hospitals, programs providing mental health care and treatment, and all contracted community-based programs. The department also serves as the public guardian for individuals gravely disabled by mental illness, and handles conservatorship investigations for the County.

The *Mental Health Services Act* (MHSA) has allowed for expansions of Full Service Partnership programs, Wellness Centers and Alternative Crisis Services as well as Field Capable Clinical Services for all age groups.

MHSA WORKS

Community Services and Supports Plan:

- **Full Service Partnership Programs (FSP):** Intensive service programs for clients at risk of or experiencing out-of-home placement, institutionalization, homelessness, incarceration or psychiatric in-patient services.
- **General Systems Development Programs:**
 - Field Capable Clinical Services
 - Wellness Centers
 - Client-Run Centers
 - Drop-In Centers for Transition Age Youth (TAY)
 - Alternative Crisis Services

Prevention and Early Intervention Plan:

Evidence-based, promising and community-defined practices for clients early in the course of a mental illness or that are preventative in nature.

Innovation Plan: Services focused on the integration of health, mental health and substance abuse services.
